ATTN: COMMISSIONERS  
RAVALLI COUNTY JUSTICE CENTER  
205 BEDFORD  
HAMILTON MT 59840

**RE: Final Notice on Safety Violations on Elevator #972-1**

**Located at: RAVALLI COUNTY JUSTICE CENTER, 205 BEDFORD, HAMILTON**

The elevator in your building was inspected on 10/02/2007 and elevator code violations were noted. While some violation noted previously may have been corrected, as of the date of this letter, the following violations remain outstanding;

**Violations issued: Light Violation Alarm Violation**

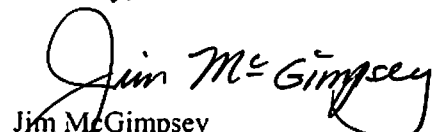

State law requires all passenger elevators to be inspected on an annual basis and requires a current Certificate of Operation to be placed in the elevator or notice that the certificate is on file and a copy is available on request. We provide this certificate after the inspection fees have been paid and all violations have been corrected. Please verify if the violations listed above have been corrected.

It should be noted that it is the elevator owner's responsibility to make sure that our office has received copies of all required tests and has been notified, in writing, that all other violations have been corrected. After we receive notification that the corrections have been made, we will issue you a Certificate of Operation for the current year and you will be in compliance with State Law.

**Notification must be received in writing, by this office, no later than 01/13/2008, or this matter may be referred to the Divisions Legal Counsel for appropriate action.**

If you have questions regarding this letter please call me at 406-841-2009 or Jennifer Johnson at (406) 841-2064

Sincerely,

  
Jim McGimpsey  
Supervisor  
Elevator Safety Section

cc: State Elevator Inspector  
Mike McCabe, Agency Counsel

**RECEIVED**
